SUMMARY

Enthusiastic and collaborative Electronics and Communication Engineering undergraduate at PES University, who recently completed an internship at Cummins India working on an RTLS project. Skilled in Python, MySQL, and Tableau, with hands-on experience building data-driven applications and mobile apps. Passionate about teamwork and active involvement in academic and technical events, with a strong eagerness to learn, adapt, and contribute to dynamic environments.

EXPERIENCE

Intern — *Cummins India* **June 2026 – July 2026**

- Worked on a Real-Time Location System (RTLS) project to track engine manufacturing assets — Semi-Finished and Finished Goods — across a G+7 racking system on the plant floor.
- Monitored Material Handling Equipment (including VNA trucks) to optimize movement routes and analyze equipment idle time.
- Researched and evaluated tracking technologies — UWB, BLE, and RFID — to identify a cost-effective, precise asset-location solution.
- Prioritized workplace safety and hazard prevention considerations while assessing technology placement on the plant floor.
- Conducted technical research and prepared reports summarizing findings and technology recommendations for stakeholders.

PROJECTS

Quiz App — *Flutter & Dart*

- Built a mobile quiz application using Flutter and Dart, implementing custom UI screens and score-tracking logic.

Customer Churn Prediction — *Python, MySQL, Tableau*

- Analyzed customer data using MySQL and Python to identify churn patterns, and built interactive Tableau dashboards to visualize key trends and insights.

CLUBS

Technical Team Member — *Solaris, PESU* **March 2026 – Present**
Full-time

Data Analytics Member — *Nexus, AWS Champ Club* **February 2026 – Present**
Full-time

EDUCATION

BTech, Electronics and Communication Engineering **Sept 2024 – June 2028**
PES University, EC Campus CGPA: 6.8

BTech Minor, Computer Science and Engineering **Aug 2025 – June 2028**
PES University, EC Campus CGPA: 9.00

Class XII **April 2023 – June 2024**
Podar International School, Chinchwad Percentage: 81.2%

Class X **April 2021 – June 2022**
Podar International School, Chinchwad Percentage: 81.6%

SKILLS

Languages: Python, C, Dart, SystemVerilog

Tools & Platforms: Microsoft Excel, PowerPoint, Word, Xilinx Vivado, Cadence Virtuoso, Flutter, MATLAB, MATLAB Simulink, MySQL, Tableau

Soft Skills: Time Management, Decision Making, Leadership, Teamwork, Effective Communication

COURSES & CERTIFICATIONS

- App Development using Flutter and Dart — PESU IO Slot 18
- Python (Basic) — HackerRank
- AWS – Solutions Architecture Job Simulation — Forage
- Tata – Data Visualisation: Empowering Business with Effective Insights Job Simulation — Forage
- Data Analysis — PESU IO Slot 20
- 5-Day AI Agents Intensive Course with Google — Kaggle Badge
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- Simulink Onramp Course Completion
- AWS Cloud Practitioner

ACADEMIC EVENTS & EXTRACURRICULARS

- Participated in HackNight 6.0, hosted by ACM
- Volunteered for IEEE-PhD EDITS 2024
- Attended IBM Qiskit Fall Fest, hosted by Quantumania
- Participated in TEDx PESU event held at PESU RR Campus
- Participated in MATLAB Simulink Onramp workshop
- Attended a guest talk on Smart Farming: Leveraging ML and Cloud Infrastructure
- Participated in EmbedX 2.0, hosted by Xylem
- Extracurriculars: Chess, Cricket, Learning Stock Market and Investing
